Where to hire →

Use Britex Spot n' Stain on carpet or upholstery. Can be used in conjunction with the Britex DIY 3 in 1 Deep Cleaning Machine and solutions as a pre-treatment, or independently to spot clean stains.

### Britex Spot n' Stain will remove:

- |                    |                  |                       |
|--------------------|------------------|-----------------------|
| ✓ Butter/Margarine | ✓ Red Juice      | ✓ Ink                 |
| ✓ Chocolate        | ✓ Red Wine       | ✓ Mildew              |
| ✓ Coffee           | ✓ Salad Dressing | ✓ Motor Grease        |
| ✓ Cocktails        | ✓ Soft Drinks    | ✓ Motor Oil           |
| ✓ Cough Syrup      | ✓ Tea            | ✓ Paint (Water based) |
| ✓ Curry            | ✓ Tomato sauce   | ✓ Permanent marker    |
| ✓ Food Colouring   | ✓ Vegetable Oil  | ✓ Shoe Polish         |
| ✓ Fruit Juice      | ✓ White Wine     | ✓ Soot                |
| ✓ Berries          | ✓ Crayon         | ✓ Toothpaste          |
| ✓ Gravy            | ✓ Dirt/ Mud      | ✓ Water Colours       |
| ✓ Ice Cream        | ✓ Clay           | ✓ Lipstick            |
| ✓ Jam              | ✓ Crayon         | ✓ Make Up             |
| ✓ Ketchup          | ✓ Dirt/ Mud      |                       |
| ✓ Olive Oil        | ✓ Grass          |                       |

For stains and odours from pet and human sources like urine, we recommend you use [Britex Urine Remover](#) – with its active enzymes – to get to the source of the stain and odour and totally eliminate them.

### Prior to use:

Apply a small amount in an inconspicuous area to check for colourfastness. Using a white, absorbent cloth after one minute and check for colour transfer to be sure surface is colour-safe. User assumes all risks.

### Directions:

- 1 Remove any solids or excess liquids.
- 2 Generously spray area.
- 3 Lightly agitate stained area working from edges toward centre.
- 4 Blot with a paper towel pressing deep into stain. (Difficult stains may require a second application.)
- 5 Rinse with water and blot to dry.

**BUY ONLINE**

For the quick and convenient clean up of spills & stains, keep **Britex Carpet & Upholstery Wipes** handy!

**CAUTION:** Keep out of the reach of children. Use only as directed, wash hands after use. Avoid contact with eyes.

# Britex Urine Remover

Where to hire →

Use Britex Urine Remover can be used in conjunction with the Britex DIY 3 in 1 Deep Cleaning Machine and solutions as a pre-treatment, or independently to spot clean stains.

## Britex Urine Remover will remove:

Acid-based stains associated odours, such as:

- ✓ Urine
- ✓ Faeces
- ✓ Vomit
- ✓ Perspiration
- ✓ Beer
- ✓ Blood

## Prior to use:

Apply a small amount of **Britex Urine Remover** to the affected area. After one minute blot using a white, absorbent cloth and check for colour transfer to be sure surface is colour safe. User assumes all risks.

## Directions:

When possible, act quickly since dried urine can sometimes have a bleaching effect on carpets and fabrics.

- 1 Remove any solids or excess liquids.
- 2 Turn nozzle and generously spray area. If using for urine or other penetrating types of stains, be sure to thoroughly wet area allowing product to reach backing and pad. Do not blot or wipe - enzymes need moisture to work.
- 3 Place a damp colour-safe towel over the treated area and let dry naturally. In most cases it's best to allow area to remain moist for 24-hours. Highly contaminated areas may require a second application.
- 4 Once dry, if discolouration remains, simply dampen with water and blot.

**BUY ONLINE**

For the quick and convenient clean up of spills & stains, keep **Britex Carpet & Upholstery Wipes** handy!

**CAUTION:** Keep out of the reach of children. Use only as directed, wash hands after use. Avoid contact with eyes.

## Britex Grout & Tile Spray

Where to hire →

Britex Grout & Tile Spray can be used in conjunction with the Britex DIY 3 in 1 Deep Cleaning Machine and solutions as a pre treatment, or independently to clean.

Britex Grout & Tile cleaner can be used to remove grease, grime and soap scum in the bathroom, kitchen and on tiled floors.

### Prior to use:

Spot test product on an inconspicuous area before use. User assumes all risks.

### Directions:

- 1 Spray onto surface and leave for 5 minutes.
- 2 For heavily soiled areas, leave for up to 10 minutes.
- 3 Rinse surface with water then wipe clean with a damp sponge, cloth or mop.
- 4 For a more effective clean, scrub grout lines with a grout brush before wiping clean.

To pre-treat stubborn grout stains on tiled floors, spray Britex Grout & Tile spray onto affected areas prior to using the Britex Deep Cleaning machine. No need to rinse.

**BUY ONLINE**

**CAUTION:** Keep out of the reach of children. Use only as directed, wash hands after use. Avoid contact with eyes.

## Britex Odour Blaster

Where to hire →

Britex Grout & Tile Spray can be used in conjunction with the Britex DIY 3 in 1 Deep Cleaning Machine and solutions as a pre treatment, or independently to clean.

Britex Odour Blaster can be used in conjunction with the Britex DIY 3 in 1 Deep Cleaning Machine and solutions as a pre treatment, or independently to remove odours.

The Britex Odour Blaster's deep-penetrating, advanced enzyme formula is designed to attack foul odours from carpet, fabric, upholstery, vinyl and much more. Odour Blaster safely and effectively neutralises and destroys bacteria causing the offensive odour.

### Prior to use:

Spot test product on an inconspicuous area before use. User assumes all risks.

### Directions:

- 1 Remove any solid matter from the area you are treating.
- 2 Spray the affected area directly and liberally with Britex Odour Blaster. Be careful of over-spray onto non-suitable fabrics or materials.
- 3 Allow the area to dry naturally.
- 4 Repeat 4-6 hours later for stubborn odours.

**BUY ONLINE**

**CAUTION:** Keep out of the reach of children. Use only as directed, wash hands after use. Avoid contact with eyes.
